

Seed Harvest Ministries / JTL

7 Step Action Plan

Step 1: Go to SeedHarvestMinistries.com or HeavenSaysNoToGMO.com and **get your hands on 10 DVD's**. We are talking about a donation of just \$30. Think of these DVD's like seeds. The more you plant the BIGGER the harvest!

Step 2: **Give them to EVERYONE** that you care about, family, friends and co-workers, etc. Repeat over and over!

Step 3: **Follow up with them** in a few days or so and ask this one question, *what part of the video did you find the most disturbing?* Let them talk. They will tell you exactly what you need to know and how to effectively close them.

Step 4: **Go back to Seed Harvest Ministries.com** and go to the resource tab and *learn all about GMO's*. Modify your family's diet. You will be glad you did.

Step 5: **Believe in yourself and your product Fulvia**. Think of us as a public service announcement with pay.

Step 6: **Set up three way calls**. Do to teach, teach to do and teach to teach. Don't go it alone. *You can do this!*

Step 7: **Be bold, and don't give up**. You are a winner and together we can be **VICTORIOUS!**

That's it, seven steps to true health and wealth with Joy to Live/Seed Harvest Ministries.
